Safer Roads
Safer Communities
Sharing the Responsibility

This campaign aims to:

- Encourage drivers to keep within the speed limit
- Raise awareness of the dangers of speeding not only to drivers and their passengers, but to all road users
- Involve the community in speed reduction
- Improve the environment of local communities by reducing danger and nuisance to other road users
- Make speeding as socially unacceptable as Drink Driving has become

Visit www.SussexSaferRoads.gov.uk to find out about other ways you can help to keep your community safer

STOP SPEEDING
Make Your Community Safer

How can you help?

The success of the campaign depends on you driving within the speed limit at all times.

It is important to link speed to conditions and not simply to the maximum permitted speed.

For those who already drive within the speed limit, please encourage others to do the same.
